Version 1.0

This version of the handbook does not include licences issued in Cyprus, Malta and Gibraltar, because no information has been provided by the relevant national authorities.

Introduction

The Directive on driving licences¹ ensures mutual recognition of driving licences issued in all Member States. Member States shall recognise licences issued in other Member States without any formalities.¹ Annex I to the Directive established a common model of driving licence — a plastic card driving licence.

The principle of mutual recognition guarantees full recognition of any driving licence valid in a country in the European Economic Area (EEA). This includes those issued before the entry into force of the Directive and that therefore may not comply with the requirements set out in Annex I to the Directive. There are currently over 170 different models valid and in use across the EEA, which makes the question of recognising and understanding driving licences challenging for both the authorities and for individuals.

The Directive requires that Member States, with the agreement of the Commission, are to establish equivalences between entitlements obtained before the implementation of Directive 2006/126/EC and the vehicle categories set out in this Directive. These tables of equivalences are set in Commission Decision 2014/209/EU but will be subject to further revision and adaptation.

There is, however, a need for additional and more user-friendly information on driving licences currently in use, beyond that provided in the tables of equivalences. In 2000, the Commission therefore decided to publish a book on driving licence models, to provide a clear overall view of all licence models valid and in use. A second edition of the book was published in 2005. In order to make it easier to update the information regularly, and to make it easier for users to access it, the Commission has now decided to publish the information on a website. It is primarily targeted at administrative and enforcement authorities in Member States, but may also be of use to individuals and other interested parties (e.g. car rental agencies). The two main purposes in providing this information remain the same: upholding the principle of mutual recognition of all licences issued by Member States, and thus ensuring the free movement of licence holders; and explaining the various models for the benefit of supervisory and enforcement authorities.

¹ Directive 2006/126/EC of the European Parliament and of the Council of 20 December 2006 on driving licences (OJ L 403, 30.12.2006, p. 18).

¹ ECJ Case C-246/00, *Commission v Netherlands*, points 60-61.

The legend

The legend for old licence models allows users to find relevant information more easily on the licence. The meaning of each number is explained below:

- 1 Surname of the holder
- 2 Other name(s) of the holder
- 3 Date and place of birth
- 4a Date of issue of the licence
- 4b Date of expiry of the licence
- 4c Name of the issuing authority
- 5 Number of licence
- 6 Photograph of the holder
- 7 Signature of the holder
- 8 Permanent place of residence
- 9 Category(ies) of vehicle(s) the holder is entitled to drive
- 10 Date of first issue of each category(ies)
- 11 Date of expiry of each category
- 12 Additional information/restriction(s)

The period of issue of the licence model

(01/07/1996 – 13/04/1997)

The period of issue is indicated in brackets and represents the period during which a particular model was issued by the national authorities in a country.

(19/01/2013 →)

The arrow after a date indicates that this model is issued since the 19 January 2013.

Belgium - B1

(01/01/1967 - 31/12/1988)

REMARQUES IMPORTANTES

1^o Le permis de conduire doit être présenté accompagné de la carte d'identité ou du titre qui en tient lieu, à toute réquisition d'un agent qualifié.

2^o a) Le permis valide pour les catégories B, C ou D, est valable pour les catégories qui figurent au-dessus de la catégorie pour laquelle il est valide.
b) Il est également valable pour la catégorie E.

3^o Pour la conduite d'un véhicule dont le conducteur est soumis aux dispositions réglementaires édictées en matière de surveillance et de sélection médicales, en vertu de l'arrêté du 30-12-1946, le présent permis n'est valable que s'il est accompagné du certificat de sélection médicale.

Code 95 is marked on the driving licence NO

Additional information

1. Category A1 licences permit the holder to drive motorcycles without a sidecar; A2 licences permit the holder to drive motorcycles with a sidecar.

These categories do not therefore correspond to subcategories A1 and A2 as defined in directive 2006/126/EC.

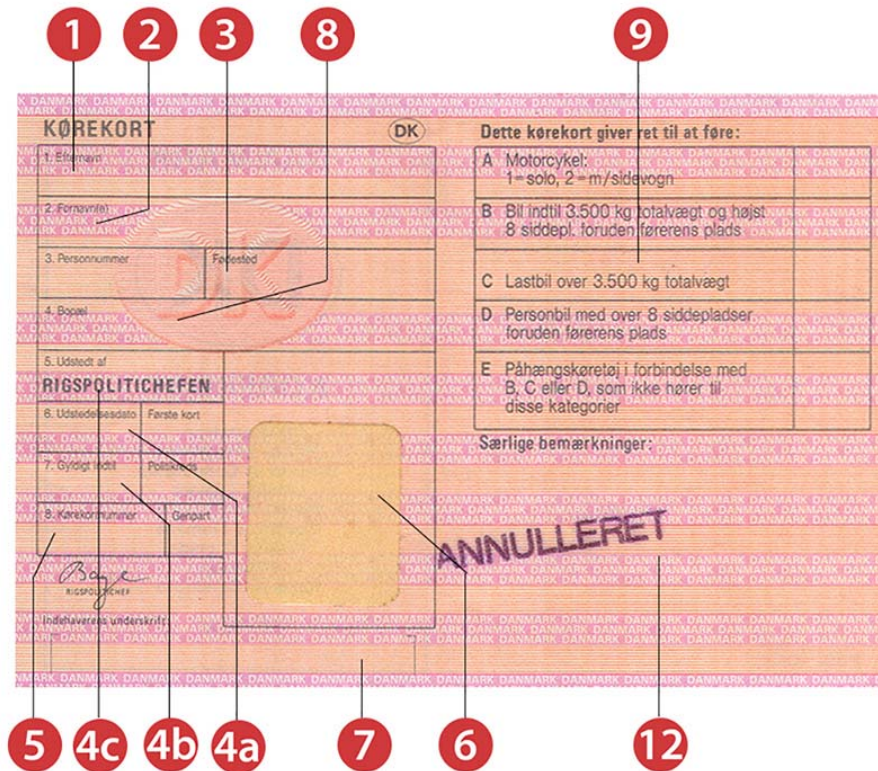

Holders of a Danish A1 and/or A2 licence are entitled to an unrestricted licence, entitling them to drive vehicles in categories AM, A1, A2, and A in other EU countries.

2. Holders of a Danish B category licence are also authorised to drive motor tricycles.

This model is no longer valid for driving in Denmark, since a mandatory exchange of all licences was imposed from 1991 to 1993. Nevertheless, this licence can be renewed for a new licence issued by Denmark and has to be recognised by other EU countries until 19.01.2033.

550	Holders are authorised to operate as a driving instructor for categories B, B/E, C, C/E, D, and D/E

Professional drivers

Certificate of professional competence is issued YES

Code 95 is marked on the driving licence NO

Additional information

1. Holders of a category A licence (small motorcycle) are authorised to drive:
 - a. 2-wheeled motorcycles without a sidecar with a maximum power/weight (plus water, oil and fuel) ratio of 0.16 kW/kg and maximum power output of 25 kW.
 - b. 2-wheeled motorcycles with a sidecar with a maximum power/weight (plus water, oil and fuel) ratio of 0.16 kW/kg.
 - c. Motor tricycles
 - d. Vehicles mentioned under a., b. and c. with a trailer.
 - e. Large mopeds.
2. Holders of the Danish driving licence category A (large motorcycle) are authorised to drive:
 - a. Vehicles as mentioned under (1). DA 22.1.2013 Official Journal of the European Union L 19/7
 - b. 2-wheeled motorcycles without a sidecar with a power/weight (plus water, oil and fuel) ratio over 0.16 kW/kg or power output over 25 kW.
 - c. Two-wheeled motorcycles with a sidecar with a power/weight (plus water, oil and fuel) ratio over 0.16 kW/kg.
 - d. Vehicles mentioned under a., b. and c. with a trailer.
3. Holders of a category B licence are also authorised to drive motor tricycles.

The date of first issue of driving licence categories that were issued before 1.5.1986 cannot be traced back. In such cases, the symbol '<' or '≤' may appear in column 10 on the licence, accompanied by a certain year, indicating that the category was issued before or in that year. Official Journal of the European Union DA L 19/8, 22.1.2013.

Until 19 January 2013, the Danish rules for entitlement to drive small mopeds were as follows:

Any of the following entitles a person to drive a small moped in Denmark:

- a) a moped certificate,
- b) a driving licence for a tractor, or
- c) being 18 years or over.

Security design

Location	Front and back
Characteristics	The security design comprises a combination of security features. 1. Rainbow printing, in which pink and green merge into one another, resulting in a continuous colour gradient. 2. The patterns are made up of very fine continuous lines which are intertwined with one another. 3. Microprint as a security element to prevent duplication: Front: "FÜHRERSCHEIN BUNDESREPUBLIK DEUTSCHLAND", back: "FÜHRERSCHEIN" - as applicable. 4. Security colours issued according to special guidelines, which do not correspond to standard print colours (CMYK). 5. Release area of the photo with run-off zone (weakening pattern).
Method of verification	Viewing under a magnifying glass

Hologram

Location	Front
Characteristics	The hologram serves to protect the personalised data. It contains the regional coat-of-arms, the lettering "FÜHRERSCHEIN BUNDESREPUBLIK DEUTSCHLAND" and traffic symbols. The hologram overlaps with the personal photo
Method of verification	Viewing while moving the document

Laser engraving

Characteristics	The personal data is engraved irreversibly in different layers by a laser beam.
Method of verification	Viewing with the naked eye

Security fibres

Location	Back
Characteristics	The security fibre, including microprint, ("FÜHRERSCHEIN (3 stars) BUNDESREPUBLIK DEUTSCHLAND (3 traffic symbols) FÜHRERSCHEIN ") is incorporated into the substrate on one side.
Method of verification	Viewing under a magnifying glass

Variable Laser Image: CLI (Changeable Laser Image)

Location	Back
Characteristics	A lens structure is embossed into the surface of the card. Depending on the angle of vision, a fixed motif (3 traffic symbols) or individual alpha-numeric data (part of the driving licence number) is shown.
Method of verification	Viewing with the naked eye while moving the document; the lens structure, which can be touched

Tactile Laser engraving

Location	Front
Characteristics	Lasering creates tactile areas on the surface (lines 1, 3 and 5).
Method of verification	Viewing with the naked eye; by touch

Optically variable colour (OVF)

Location	Front
Characteristics	Traffic symbols printed in a special colour which results in varying colour reproduction, depending on angle of vision.
Method of verification	Viewing with the naked eye, while moving the document

Categories

Category	Period of validity
A, A1, B ,BE, M, T, L, S	indefinite
C1, C1E	until 50; above 50: 5 years
C, CE, D, DE	5 years

National categories

National category	Description of national category
M	Two-wheeled small motorcycles (motorcycles designed to have a maximum speed limit of up to 45 km/h and an electric drive motor or combustion engine with a cylinder capacity of up to 50 cm ³) and motor-assisted pedal cycles (motorcycles designed to have a maximum speed of up to 45 km/h and an electric drive motor or combustion engine with a cylinder capacity of up to 50 cm ³ ; these are also used in the same way as bicycles).
S	Three-wheeled small motorcycles and 4-wheeled light vehicles, each designed with a maximum speed of up to 45 km/h and a cylinder capacity of up to 50 cm ³ (for spark ignition engines), a maximum net power of up to 4 kW (for other combustion engines) or of a maximum continuous rated power of up to 4 kW (for electric motors); moreover, for 4-wheeled light vehicles the unloaded mass must not exceed 350 kg, excluding the mass of the batteries (in the case of electric vehicles).
L	Tractors designed for agriculture or forestry and used for such purposes, designed to have a maximum speed of up to 40 km/h; combinations of these vehicles and trailers, driven at a speed of up to 25 km/h; self-propelling machinery, self-propelling fodder mixer vehicles, forklift trucks and other industrial trucks, each designed with a maximum speed of up to 25 km/h; combinations of these vehicles and trailers.
T	Tractors designed to have a maximum speed of up to 60 km/h and self-propelling machinery or self-propelling fodder mixer vehicles designed to have a maximum speed of up to 40 km/h; designed for agriculture or forestry and used for such purposes (all may include trailers).

Codes

National codes

Germany - D7

(19/01/2013 →)

Physical description

Size	86 x 54 mm
Format	ID 1
Material	Multi-layered polycarbonate
Colour	Pink/green

Security features

Security design

Location	Front and back
Characteristics	The security design comprises a combination of security features. 1. Rainbow printing in which pink and green merge into one another, resulting in a continuous colour gradient. 2. The patterns are made up of very fine continuous lines which are intertwined with one another 3. Microprint as a security element to prevent duplication: Front: "FÜHRERSCHEIN BUNDESREPUBLIK DEUTSCHLAND", back: "FÜHRERSCHEIN" - as applicable. 4. Security inks issued according to special guidelines, which do not correspond to standard print colours (CMYK). 5. Release area of the photo with run-off zone (weakening pattern).
Method of verification	Viewing under a magnifying glass

Whitener-free body of card

Characteristics	The body of card consists of 100% multi-layered, whitener-free polycarbonate.
-----------------	---

Volume hologram

Location	Front
Characteristics	The volume hologram serves to protect the personalised data. It contains the regional coat of arms, the lettering "FÜHRERSCHEIN BUNDESREPUBLIK DEUTSCHLAND", traffic symbols and UV elements. The volume hologram overlaps with the personal photo. The country identifier "D" appears to stand out from the page, surrounded by a rotating circle of stars.
Method of verification	Viewing with the naked eye while moving the document

Laser engraving

Characteristics	The personal data is engraved irreversibly in various layers by a laser beam.
Method of verification	Viewing with the naked eye

Security thread

Location	Back
Characteristics	The security thread is incorporated into the substrate on one side including microprint ("FÜHRERSCHEIN (3 stars) BUNDESREPUBLIK DEUTSCHLAND (3 traffic symbols) FÜHRERSCHEIN").
Method of verification	Viewing under a magnifying glass

Variable Laser Image: CLI (Changeable Laser Image)

Location	Back
Characteristics	A lens structure is embossed into the surface of the card. Depending on the angle of vision, a fixed motif (3 traffic symbols) or individual alpha-numeric data (part of the driving licence number) appear.
Method of verification	Viewing while moving the document; the lens structure, which can be touched

Tactile laser engraving

Location	Front
Characteristics	Lasering creates tactile areas on the surface (lines 1, 3 and 5).
Method of verification	Viewing with the naked eye; by touch

Optically variable colour (OVF)

Location	Front
Characteristics	"FÜHRERSCHEIN" is printed in a special ink which, depending on the angle of vision, results in colours being reproduced differently.
Method of verification	Viewing with the naked eye while moving the document

Physical description

Size	54 x 85 mm
Format	Credit card sized format
Material	Plastic card
Colour	Pink
Particularities	Bilingual (English/Irish)

Security features

Transparent holographic image

Location	On the front, partially covering the photo.
Characteristics	The holographic image is in form of a harp that is made from special ink that changes colour when the card is tilted.
Method of verification	Move the document under ordinary light.

Microtext

Location	On the front of the licence at the bottom.
Characteristics	"AGOB AIRCHUNBEATHAASHÁBHÁILWORKINGTOSAVELIVES" is repeated as a microtext.
Method of verification	Visible only with magnification.

UV features

Characteristics	There is a complex pattern in yellow, the harp symbol and some text in blue which is only visible under UV light.
Method of verification	Ultraviolet light.

Physical description

Size	85.6 x 54 mm
Format	ID-1
Material	Plastic card
Colour	Pink
Particularities	Meets international quality standards (ISO) and all technical requirements set out in Annex 1 to Directive 2006/126/EC

Security features

Security hologram

Location	Left corner front side and reverse side.
----------	--

Printing

Location	Both sides
Characteristics	Printing visible with ultraviolet light.

OVI

Characteristics	All characters are micro-printed on a security background with optically variable ink
-----------------	---

Categories

Category	Period of validity
AM, A1, A2, A, B, B1, BE	Up to 65: 15 years; 65-80: 3 years; over 80: 2 years

Physical description

Size	220 x 120 mm
Format	Three-page
Material	200 gr/m2 cardboard (neobond)
Colour	Pink
Particularities	Synthetic support material Four models based on language (the models are different on the back and front):- Castilian- Catalan/Valencian- Euskera (Basque)- Galician The Catalan/Valencian, Basque and Galician models are bilingual with Castilian (Spanish)

Security features

Watermark

Location	Random
Characteristics	E from España (Spain) inside an oval shape and the word ESPAÑA, both repeated various times.
Method of verification	Visible when held up to the light

Invisible fibrils, visible only under ultraviolet light

Location	Random
Characteristics	Patterns printed in the colours below are visible only under ultraviolet light, remaining invisible under normal light Red and green colours
Method of verification	Using a lamp with ultraviolet light.

Categories

Category	Period of validity

Physical description

Size	85.60 x 53.98 mm
Format	ID - 1
Material	Mixed sheet of PVC and polycarbonate core Made up of five layers:- Holographic protection layer- PVC overlay- Polycarbonate core- Special PVC overlay, laser characters- Transparent protection layer
Colour	Pink tones
Particularities	In compliance with Directive 96/47/EEC of the Council- Front, a single common model- Back, 2 models (A and B) A) Initially with 5 models according to the language:* Castilian* Catalan (C)* Valencian (V)* Euskera (E)* Galician (G) Models C, V, E and G are bilingual with Castilian (Spanish). B) As of 01/06/2005 the Catalan and Valencian models merged, leaving four models:* Castilian (1)* Catalan/Valencian (2)* Euskera (3)* Galician (4) Models 2, 3 and 4 are bilingual with Castilian (Spanish).

Security features

Guilloches

Location	Background of the card (front and back).
Characteristics	The design with guilloches has the following features: * Printing of shapes formed by asymmetric and intertwined lines. * Difficult to falsify.
Method of verification	Simply looking at it, checking the background.

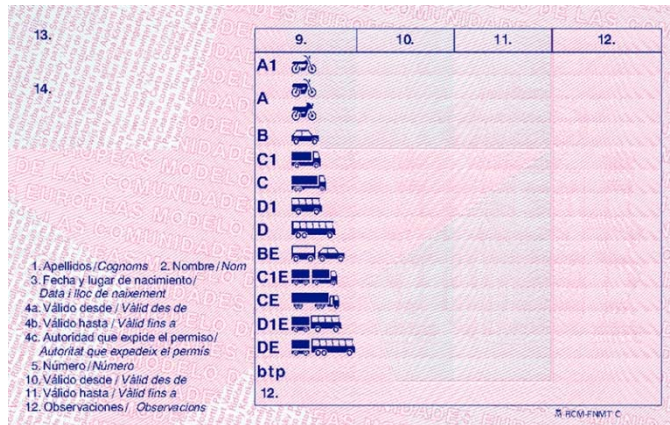

Micro-printing

Location Front.

Characteristics words "PERMISO DE CONDUCCIÓN REINO DE ESPAÑA" - DRIVING LICENCE KINGDOM OF SPAIN in micro-printing

Method of verification With a magnifying glass

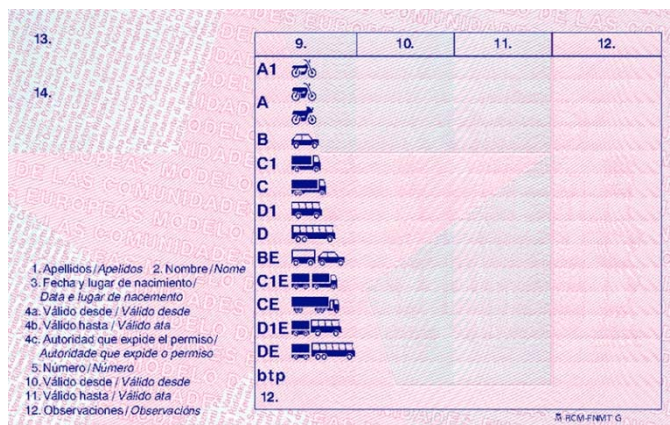

Small-print

Location In the background design, on both the front and back of the card.

Characteristics words "Driving Licence" in the different EU languages

Method of verification Can be checked simply by looking at it.

Coded print on the front (DGT logo).

Location Front

Method of verification Using a special lens that decodes it.

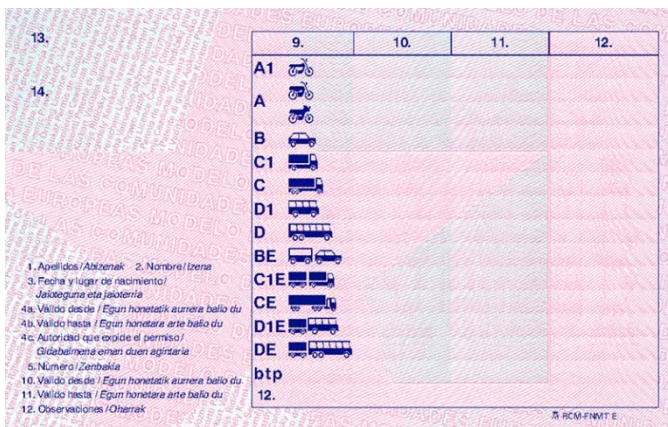

Invisible ink

Location Front and back.

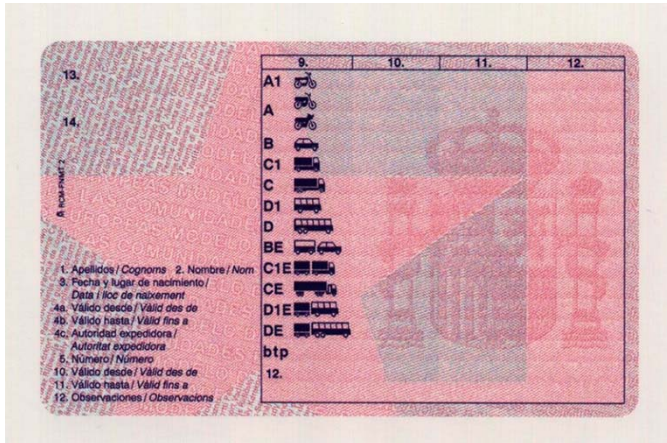

Characteristics Appearing blue under ultraviolet light.

Method of verification Using a lamp with ultraviolet light.

Protective layer for the personalised graphics.

Location	Front and back.
Characteristics	Protects the personal information printed. Gives the card greater durability and makes it difficult to falsify. Overlay: transparent layer that protects the information printed using colour sublimation. Security overlay: polyester layer that incorporates special adhesive material.
Method of verification	By moving the document, you see the holographic effect of the overlay on the front.

Categories

Category	Period of validity

Invisible ink

Location Front and back.

Characteristics Appearing blue under ultraviolet light.

Method of verification Using a lamp with ultraviolet light.

Protective layer for the personalised graphics.

Location	Front and back.
Characteristics	Protects the personal information printed. Gives the card greater durability and makes it difficult to falsify. Overlay: transparent layer that protects the information printed using colour sublimation. Security overlay: polyester layer that incorporates special adhesive material.
Method of verification	By moving the document, you see the holographic effect of the overlay on the front.

Categories

Category	Period of validity
AM, A1, A2, A, B, BE	Until 65: 10 years; above 65: 5 years
C1, C1E, C, CE, D1, D1E, D, DE	Above 65: 5 years; above 65: 3 years

National categories

National category	Description of national category
BTP	Priority vehicles for emergency services, school transport and public passenger transport, with MAM less than 3 500 kg and a maximum nine seats, including the driver

Codes

National codes	Description
101	Classes D1 and D, restricted to a 50 km radius of use

105	Maximum speed limit: 1 - 70 km/h 2 - 80 km/h 3 - 90 km/h 4 - 100 km/h
106	Date licence first issued: 2 - military licence exchange 3 - foreign licence exchange 4 - holder of a foreign licence that cannot be exchanged 5 - recovery of licence following declaration of loss of validity due to using up points balance

COMMUNAUTÉS EUROPÉENNES

222 mm

106 mm

Physical description

Size	106 x 222 mm
Format	Threefold
Material	Paper
Colour	Pink

Categories

Category	Period of validity
A1, A, B, BE, B1	Indefinite
C, CE	Until 60: 5 years; 60 - 76: 2 years; above 76: 1 year
D, DE	Until 60: 5 years; above 60: 1 year

Codes

National codes	Description
101	C: restricted to 7.5 tonnes for drivers under 21
102	CE: restricted to 7.5 tonnes for drivers under 21
103	D: restricted to national passenger service on routes of 50 km or less, for drivers under 23 who obtained their licence through accelerated training
106	Probation
107	All categories: alcohol interlock
108	AM: restricted to 2 or 3-wheel category AM vehicles for drivers under 16
109	AM: restricted to category AM light quadricycle vehicles
110.	Not authorised to drive category D vehicles that fall within the scope of Directive 2003/59/EC.
111.	Category A limited to motorcycles with a maximum power output of 35kW and a maximum power/weight ratio of 0.2kW/kg

Professional drivers

Certificate of professional
competence is issued YES

Code 95 is marked on the
driving licence NO

France - F9

(19/01/2013 - 13/09/2013)

Physical description

Size	106 x 222 mm
Format	Threefold
Material	Paper
Colour	As prescribed by Directive 91/439CEE Annex 1
Particularities	As prescribed by Directive 91/439CEE Annex 1

Security features

Lamina

Location	Around the holder's picture
Characteristics	"RF" encompassed within the lamina
Method of verification	Check the lamina encompasses the "RF" at the edge of the holder's picture

Mini-lettering

Location	Around the bio data
Characteristics	Mini-lettering
Method of verification	Check the lines framing the data are made of small "République Française" words.

Mini-lettering

Location	On the "A" category of entitlements table
Characteristics	Mini-lettering

UV-designs and iridescent security stripe

Location	On the entitlements table		
Characteristics	Check -	the words “Jusqu’au”, “Restrictions”, “Mentions” and “Timbre” -	the
Method of verification	UV light		

Categories

Category	Period of validity
A1, A2, A, B, B1	Indefinite
BE, C, CE, C1, C1E	Until 60: 5 years; 60-76: 2 years; above 76: 1 year
D1, D1E, D, DE	Until 60: 5 years; above 60: 1 year

Codes

National codes	Description
101	C: restricted to 7.5 tonnes for drivers under 21
102	CE: restricted to 7.5 tonnes for drivers under 21
103	D: restricted to national passenger service on routes of 50 km or less, for drivers under 23 who obtained their licence through accelerated training
106	Probation
107	All categories : alcohol interlock
108	AM: restricted to 2 or 3-wheel category AM vehicles for drivers under 16
109	AM: restricted to category AM light quadricycle vehicles
110	Not authorised to drive category D vehicles that fall within the scope of Directive 2003/59/EC.
111	Category A limited to motorcycles with a maximum power output of 35kW and a maximum power/weight ratio of 0.2kW/kg

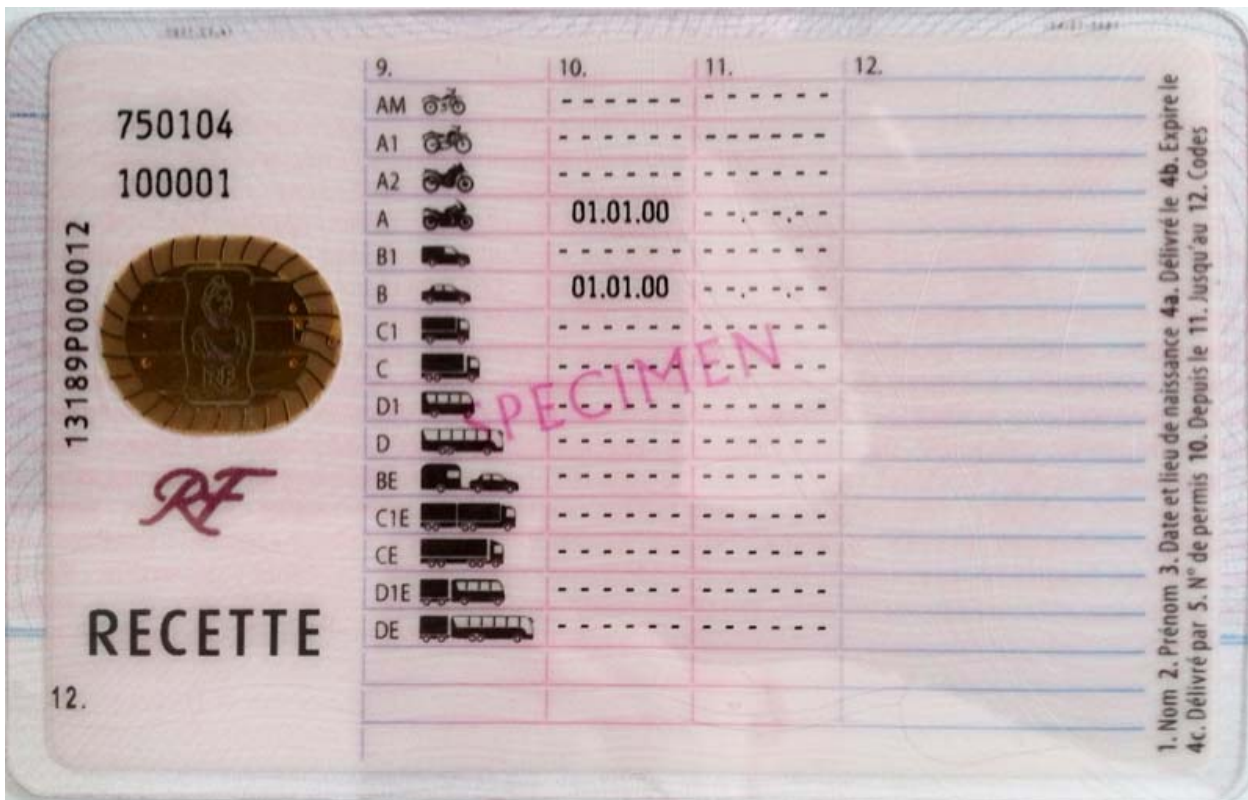

Professional drivers

Certificate of professional
competence is issued YES

Code 95 is marked on the
driving licence NO

France - F10

(19/09/2013 →)

Physical description

Size	85.60 x 53.98 mm
Format	ISO / IEC 7810ID-1
Material	Polycarbonate and PEC

Security features

OVI (optical variable ink)

Location	On the reverse, right side
Characteristics	The OVI changes from red to purple when you look at the card from a different side

Micro-lettering

Location	On the front, at the bottom area / MRZ
Characteristics	Micro-lettering between the MRZ and the data area

Ghost image of the holder's ID photo

Location	On the front side, superimposed over the personal data
Characteristics	Transparent copy of the holder's ID photo
Method of verification	Check if it is consistent with the holder's main ID photo and micro-photo inside the MLI. Check it has not been damaged. The main personal data are LASER-engraved under it.

See-through sides

Location	On the outside edge of the card
Characteristics	The card has a transparent outside edge of 2 to 3 mm, as it was embedded in a transparent polycarbonate inlay of ID1 size.
Method of verification	Check the outside edge of the card is transparent. The date of birth and the micro-lettering "République française" should be displayed on the edge.

Engraved chip

Location	Reverse side, chip
Characteristics	Copper engraving superimposed over the chip contact. A Marianne-like figure is engraved inside the chip
Method of verification	Check

“Alien” font

Location	Front side, name of the holder
Characteristics	A special font is set before and after the name of the holder, to prevent the name being modified by adding a character
Method of verification	Check this is present

MLI : variable laser

Location	Front side, at the bottom right
Characteristics	The feature image shifts from an ID photo (of the holder) to a date (the expiry date) and then back to the photo. Check that both display the same information as on the licence
Method of verification	Tilt the licence. Check the date against the expiry date. Check the photo against the holder’s ID photo.

DID: transparent mark

Location	Front side, on the holder’s photo
Characteristics	Transparent mark partially covering the holder’s photo which: 1) changes colour when rotated at 90° 2) causes the picture of France to morph into a portrait of Marianne
Method of verification	Tilt the card from left to right: the picture of France changes into Marianne. Rotate the licence by 90°: the external circle and its stars changes from yellow to light red.

Categories

Category	Period of validity
A1, A2, A, B, B1	15 years
BE, C, CE, C1, C1E	Until 60: 5 years; 60-76: 2 years; above 76: 1 year
D1, D, D1E, DE	Until 60: 5 years; above 60: 1 year

Codes

National codes	Description
101	C: restricted to 7.5 tonnes for drivers under 21
102	CE: restricted to 7.5 tonnes for drivers under 21
103	D: restricted to national passenger service on routes of 50 km or less, for drivers under 23 who obtained their licence through accelerated training
106	Probation
107	All categories: alcohol interlock

108	AM: restricted to 2 or 3-wheel category AM vehicles for drivers under 16
109	AM: restricted to category AM light quadricycle vehicles
110	Not authorised to drive category D vehicles which fall within the scope of Directive 2003/59/EC.
111	Category A limited to motorcycles with a maximum power output of 35 kW and a maximum power/weight ratio of 0.2 kW/kg

00001000 

Physical description

Size	86 x 55 mm
Format	ID-1
Material	Plastic
Colour	Pink

Security features

Security hologram (Kinegram®)

Location	Front side, to the left.
Characteristics	In the central part of the Kinegram® one can see the Latvian coat of arms as well as a symbol: LV. Depending on the viewing angle, the three stars of the coat of arms create the effect of falling stars on the sides of the coat of arms. The outer edge of the Kinegram® contains microprinted text: LATVIJAS REPUBLIKA.
Method of verification	Viewing with the naked eye and moving the document.

Ghost image

Location	Front side, to the right.
Characteristics	A ghost image is a security feature designed to make readily noticeable any attempts to alter, reproduce or counterfeit the photo. To enhance security, variable data is printed over the applicant's ghost image.
Method of verification	Viewing with the naked eye.

Ultraviolet ink

Location	Front side, to the right. Back side.
Characteristics	Invisible, covert, anti-counterfeit security feature that becomes visible when ultraviolet light is used to illuminate the licence. Under ultraviolet light, the contours of the letters 'LV' appear on the front of the licence, while the letters LV in an oval shape appear on the back of the licence, forming a background pattern.
Method of verification	Viewing with an ultraviolet lamp.

Guilloche security design

Location	Front and back side of the licence.
Characteristics	Fine line printing which makes it almost impossible to copy, scan or print the licence. Tampering becomes visible under a magnifier.
Method of verification	Viewing with a magnifier.

Overlapping data

Location	Front of the licence.
Characteristics	Variable data (e.g. the holder's signature or identity numbers) are placed over other information fields, for example, over ghost images. These cause alterations in both fields if one of the fields is altered, thus increasing the overall licence security features.
Method of verification	Viewing with the naked eye.

Micro-printed text

Location	Front of the licence.
Characteristics	Micro-printed text 'VADITAJA APLIECIBA' on the front of the licence.
Method of verification	Viewing with a magnifier.

Optically variable ink

Location	Front of the licence, right corner. Back of the licence, centre.
Characteristics	The ink displays a wide range of hues (from yellow to dark red) depending on the angle at which it is viewed and the angle of incidence of light. No special equipment is needed to view this feature. The text 'LATVIJAS REPUBLIKA' in optical variable ink is located on the front of the licence and the symbol 'LV' on the reverse.
Method of verification	Viewing with the naked eye and moving the document.

Altered front

Location	Front of the licence.
Characteristics	An altered front is a security element in the form of slight font modification which is not easily recognized but is apparent. Different modifications of letters 'A', 'B' and 'S' are used for the licence.
Method of verification	Viewing with the naked eye.

Exian Secure

Location	Back of the licence
Characteristics	The partially transparent, silver letters 'LV' in a curved form are printed using Exian Secure in a wallpaper pattern on the reverse of the laminate. Visible Exian Secure ink is blended with ultraviolet text and under the ultraviolet light the letters 'LV' in a curved form appear blue
Method of verification	Viewing with the naked eye.

Physical description

Size	86 x 55 mm
Format	Plastic card
Material	Plastic
Colour	Pink as basic colour, blue, green.

Security features

Security hologram (Kinegram)

Location	Front side, to the left.
Characteristics	Semi-transparent, diffractive, optically changeable Kinegram® element, which partly covers the licence holder's photograph and in which elements of the small coat of arms of the Republic of Latvia are used.
Method of verification	Viewing with the naked eye and moving the document.

Fine-line background (Guilloche pattern)

Location	Front and back, all over the licence.
Characteristics	Fine-line background security pattern developed using rainbow print with security colours in several tones, with a positive and negative Guilloche print incorporating complex patterns.
Method of verification	Viewing with the naked eye.

Ultraviolet ink.

Location	Front and back side, in the centre.
Characteristics	Invisible, covert, anti-counterfeit security feature that becomes visible when ultraviolet light is used to illuminate the licence. Under ultraviolet light, the contours of the country's letters appear on the front of the licence, while symbols of vehicles in a circle appear on the back of the licence, forming a background pattern.
Method of verification	Viewing with an ultraviolet lamp.

Tactile laser engraving.

Location	Front of the licence.
Characteristics	Tactile laser engraving of the licence holder's surname and licence number.
Method of verification	Touch.

Overlapping data.

Location	Front of the licence.
Characteristics	In the place where the licence owner's photograph is, the anti-forgery print and the photograph overlap.
Method of verification	Viewing with the naked eye.

Micro text

Location	Front and back of the licence.
Characteristics	Micro-printed texts 'LATVIJAS REPUBLIKA', 'DRIVING LICENCE' and 'PERMIS DE CONDUIRE'.
Method of verification	Viewing with a magnifier.

Optically variable ink.

Location	Back of the licence, left side.
Characteristics	Country contour in optically variable ink (OVI®) which changes colour as the viewing changes.
Method of verification	Viewing with the naked eye and moving the document.

Altered font

Location	Front of the licence.
Characteristics	An altered font is a security element in the form of a slight font modification which is not easily recognised, but is apparent.
Method of verification	Viewing with the naked eye.

Positive surface structure.

Location	Front of the licence, right side.
Characteristics	Contours of the letters 'CSDD' that can be felt by touch.
Method of verification	Touch.

MAGIC-ID®

Location	Front of the licence, right corner.
Characteristics	The letters 'LV', whose image moves in various and/or opposite directions.
Method of verification	Viewing with the naked eye and moving the licence.

Variable laser engraved image.

Location	Front of the licence, right corner.
Characteristics	Variable laser engraved image incorporating the licence holder's photograph and date of birth.
Method of verification	Viewing with the naked eye and moving the licence.

Professional drivers

Certificate of professional competence is issued	NO
Code 95 is marked on the driving licence	NO

Additional information

* Temporary driving licences for 3 months - 30/4/2007

Lithuania - LT3

(01/01/2003 - 31/10/2005)

Physical description

Size	85.60 x 53.98 mm
Format	ID-1
Material	Polycarbonate
Colour	Pink
Particularities	Laser-engraved data (photograph, personal data, categories, table)

Security features

Rainbow print

Characteristics	Both sides of the licence are covered with 2 different security printings in rainbow print (orange-violet-orange and violet-bluish-violet)
-----------------	--

Guiloches

Optically variable ink

Location

In the upper left-hand corner, in the lower right-hand corner of the front side

Characteristics

Oval, with "LT" in the centre. Pictograms of vehicles that change colour from green to gold

Ultraviolet ink

Characteristics

Front side. Flames and the shape of a vehicle, printed in rainbow invisible ink, glow red and yellow under ultraviolet light. Flames bears the microprint "REPUBLIC OF LITHUANIA". Reverse side. Graphic elements, text and microprint are printed in invisible ink and glow blue, red and gold under ultraviolet light.

Method of verification

Viewing under ultraviolet light

Optically variable image effect (kinegram) with fixed image and a 2-dimensional image (2D)

Location

Front side

Characteristics

Transparent diffractive optical element with kinematic effect (coat of arms, map of the Republic of Lithuania, words "REPUBLIC OF LITHUANIA", "LTU" and stars)

Method of verification

Viewing from a different angle

Microprint

Characteristics

Recurrent microprint, "REPUBLIC OF LITHUANIA DRIVING LICENCE", in Lithuanian, French and English, forms a separate line at the top of the card. Microprint reading, "REPUBLIC OF LITHUANIA", "DRIVING LICENCE" in various EU languages, is integrated in individual elements.

Optically variable image effect (hologram)

Location

Reverse side

Characteristics

Holographic stripe with recurrent text "REPUBLIC OF LITHUANIA" that changes direction

Physical description

Size	85.6 x 53.98 mm
Format	ID-1
Material	Plastic card
Colour	Front: from left to right, 1/3 of the driving licence is blue and 2/3 is pink Back: from left to right, 2/3 of the driving licence is pink and 1/3 is blue

Security features

Component with optically variable properties

Location	On the reverse side, on the right-hand side, below the driving licence number
Characteristics	Optically variable image, with a negative letter "H" in the middle
Method of verification	movement

Microwriting

Location	Front side, middle part Reverse side, penultimate horizontal line of table (from bottom)
Characteristics	Text miniaturised to such an extent that it appears as a line unless magnified, the function of which is to render the reproduction of the graphic element harder, as well as making it possible to recognise counterfeit colour photocopies.
Method of verification	Magnification

Transparent DOVID / Diffractive Optically Variable Image Device

Location	Front, left-hand side Partly covering the photograph and the fill-in data.
Characteristics	Contains unique diffractive optical elements.
Method of verification	Movement

Security background print

Location	Front side Reverse side
Characteristics	Positive - negative guilloche elements printed in multicolour security ink, providing protection against counterfeiting through scanning, printing or copying.

Security UV print

Location	Front side Reverse side
Characteristics	Unique graphic element that shows up on the front and back of the card when it is held under UV light
Method of verification	UV light

Document personalisation

Location	Front side Reverse side
Characteristics	Laser engraving

182	Limited category "A"
183	International category prohibited
184	Prohibited to drive a specific type of vehicle
185	Category T agricultural tractor with a light trailer
186	Authorised to drive category K vehicles in category "K"; also authorised to drive a slow vehicle with a trailer
187	Category T agricultural tractor with a trailer
270	Licence obtained on the basis of a separate legal provision authorising the holder to drive buses for the Hungarian Armed Forces and any other bus after the age of 21

Professional drivers

Certificate of professional competence is issued YES

Code 95 is marked on the driving licence NO

Additional information

* Expires 18/01/2023

** The health fitness category is to be determined for that category which the person appearing at the medical examination requested. A person deemed suitable in fitness category 1, may not drive vehicles for which compliance with the health fitness requirements of category 2 is needed.

- drivers of public road vehicles who drive or intend to drive vehicles in public road transport services, emergency vehicles, as well as those employed as drivers of public road vehicles must be placed in fitness category 2.
- drivers who did not request their medical fitness examination for category 2 must be placed in fitness category 1.

Physical description

Size	85.6 x 53.98 mm
Format	ID-1
Material	Polycarbonate
Colour	Pink

Security features

Component with optically variable properties

Location	Front, bottom left-hand corner
Characteristics	Optically variable image, with a negative letter "H" in the middle
Method of verification	Movement

Microwriting

Location	Front side, middle part
Characteristics	Text miniaturised to such an extent that it appears as a line unless magnified, the function of which is to make it harder to reproduce the graphic element harder and make it possible to recognise counterfeit colour photocopies.
Method of verification	Magnification

Transparent DOVID / Diffractive Optically Variable Image Device

Location	Front, left-hand side Partly covering the photograph and the fill-in data.
Characteristics	Contains unique diffractive optical elements.
Method of verification	Movement

Security background print

Location	Front side Reverse side
Characteristics	Positive - negative guilloche elements printed in multicolour security ink, providing protection against counterfeiting through scanning, printing or copying

Security background print

Location	Upper and lower thirds of the front side
Characteristics	The expression “European Driving Licence” in the top third of the front side of the driving licence, in a horizontal stripe, printed in pink letters. The expression “Driving licence” in the EU official languages, in the lower third of the front side, printed in pink letters in the background.
Method of verification	Magnification

Security UV print

Location	Front side Reverse side
Characteristics	Unique graphic element that appears in UV light on the front and back of the card
Method of verification	UV light

Document personalisation

Location	Front side Back side
Characteristics	Laser engraving

MLI (Multiple Laser Image) element

Location	Front side, bottom right-hand corner
Characteristics	Date of issue / country code
Method of verification	Movement

Categories

Category	Period of validity
A1, A2, A, B1, B, BE	Until 40: 10 years; 40-59: 5 years; 60-69: 3 years; above 70: 2 years
C1, C1E, C, CE, D1, D1E, D, DE, TR (trolleybus)	Until 60: 5 years; above 60: 2 years

National categories

National category	Description of national category
K	Garden tractor, animal-drawn vehicle
T	Agricultural and forestry tractor and 2 heavy trailers, slow vehicle and trailer, garden tractor, animal-drawn vehicle
M	Moped (also including moped car), animal-drawn vehicle, garden tractor (after 16 years of age)

Codes

National codes	Description
100	Unfit to drive motor vehicles for health-related reasons
101	Satisfies category 1 fitness requirements
102	Satisfies category 2 fitness requirements
103	Does not satisfy category 2 fitness requirements
104	Not authorised to transport groups of passengers
105	Not authorised to drive emergency vehicles
110	Required to keep spare glasses in the vehicle
111	Required to have rear-view mirrors on both sides
130	Authorised to drive if the conditions in the appendix to the driving licence are met; limit imposed for reasons of locomotor disorders
131	Only authorised to drive the type of vehicle specified in the appendix to the driving licence
132	Only authorised to drive a vehicle converted as specified in the appendix to the driving licence
133	Only authorised to drive a vehicle fitted with the auxiliary equipment specified in the appendix to the driving licence
181	Extension of classification as newly obtained driving licence
182	Limited category "A"
183	International category prohibited
184	Debarred from driving a specific type of vehicle
185	Category T agricultural tractor with a light trailer
186	Authorised to drive category K vehicles; also authorised to drive a slow vehicle with a trailer
187	Category T agricultural tractor with a trailer
270	Licence obtained on the basis of a separate legal provision that authorises the holder to drive buses for the Hungarian Armed Forces and any other bus after the age of 21

Characteristics	PESEL number (the same as in item 4d) in the form of a wave moving from the background of the document to the colour photo of the driving licence holder
Method of verification	Comparison with point 4d

Hologram

Location	In the bottom right corner of the colour photo, overlapping digits 7 and 8
Characteristics	Hologram located in the bottom right corner of the colour photo of the driving licence holder, overlapping the background of the driving license and digits 7 and 8, changing its visibility at different viewing angles, containing a drawing of a road, an emblem in the form of an eagle and EU stars
Method of verification	Change of the viewing angle

Background with a rainbow pattern

Location	On the entire surface of the front and back side of the licence
Characteristics	Unique pattern of the background picture on both sides of the document
Method of verification	Magnification

Colour photo of the holder

Location	On the left side of the licence
Method of verification	Viewing with the naked eye

Negative and positive microprinting

Location	Front of the licence underneath the inscription DRIVING LICENCE and a line with the inscription underneath the photo
Characteristics	The words "Driving licence" and "Republic of Poland" and the words "driving licence" in various national languages
Method of verification	Magnification

MLI protection

Location	In the bottom right corner of the front of the licence and the bottom left corner of the back
Characteristics	A transparent window containing the marking PL and the repeated licence validity date
Method of verification	Viewing under light and changing the viewing angle

Elements printed with colour-variable paint

Location	Top right corner of the front of the licence
Method of verification	Changing the viewing angle

Embossing on front of the driving licence

Location	On the entire surface of the front side of the driving licence
Characteristics	Wavy lines embossed on the colour photo of the driving licence holder, wavy lines in the shape of the map of Poland embossed on the front side of the licence and waved embossing along the entire front side of the licence in the form of a line containing "REPUBLIC OF POLAND" in microprint
Method of verification	Changing the viewing angle, touch, magnification

Engraved surname of the holder and licence categories

Location	Items 1 and 9 on the front of the licence
Method of verification	Visual, touch

Guilloche background

Location	Both sides of the driving licence
Method of verification	Viewing with the naked eye.

National categories

National category	Description of national category
T	Agricultural tractors

Codes

National codes	Description
101	Additional marking of the vehicle is required
102	Exchange of a C category licence obtained before 1 July 1999 without having a B category licence
103	Exchange of a D category licence obtained before 1 July 1999 without having a B category licence
104	Exchange of an M category licence limited to driving low-speed vehicles only
105	Exchange of a trolleybus category licence limited to driving trolleybuses only
106	Prohibition on having a B category licence while having a C1, C, D1 or D category licence
107	Required adaptation of the vehicle to the type of disease.

Professional drivers

Certificate of professional competence is issued	NO
Code 95 is marked on the driving licence	YES

Portugal - P1

(30/08/1965 - 01/09/1984)

Physical description

Size 105 x 222 mm

Format 3A

Material Paper like

Colour Pink with text in black characters

Particularities

Document that folds down the centre, forming 6 pages.

Page 1 contains: National coat of arms between the words "República" and "Portuguesa". The words: "Ministério das Comunicações, Direção-Geral dos Transportes Terrestres". The name of the Department issuing the licence. The international abbreviation for Portugal (P) inside an ellipse. Driving licence printed in Portuguese and French.

Page 2 contains: 1 - Driver's surname; 2 - Driver's other names; 3 - Driver's date and place of birth; 4 - Drivers' place of residence, signature and photograph; 5 - Name of the authority issuing the licence; 6 - Place and date of issue; 7 - Period of validity and driving licence number; The authority's signature.

Page 3 contains: 3 spaces for new drivers' addresses;

Page 4 contains: Categories of vehicles and the date of each acquisition; Categories of agricultural tractors and professional drivers, and the date of each acquisition.

Pages 5 and 6 are blank (no inscriptions).

Security features

Type of printing Embossed seal of the body issuing the licence

Location National coat of arms between the words "República" and "Portuguesa", at the top of page 1

Characteristics National coat of arms

Method of verification Viewing with the naked eye; by touch

Categories

Category Period of validity

A, B, C, (D) Until 40; 40-50:10 years; 50-60:5 years; above 60: 3 years

National categories

National category	Description of national category
(D)	Agricultural and forestry tractors; agricultural machines

Professional drivers

Certificate of professional competence is issued NO

Code 95 is marked on the driving licence NO

Additional information

The very few licences of this type that are still valid are due to expire in 2015.

Size	54 x 86 mm
Format	ID-1
Material	Plastic card issued in accordance with Directive 91/439 EEC, ISO 7810 and ISO 7816.1.
Colour	Light pink, with text in blue and black characters

Security features

Security hologram The text and driver data are personalised by means of laser engraving. The data are written between layers of polycarbonate.

Location	Front side of the licence: the EU flag and the Portuguese national coat of arms are in the upper right-hand part of the licence; the girogram overlaps with the photo of the driver. Reverse side of the licence: bottom left-hand section, under the stars and the national coat of arms
----------	---

Characteristics	The blue of the EU flag comes up blue under UV light. The background of the driving licence, which is offset printed, reacts to ultraviolet light. It can be observed in front of the national coat of arms.. A transparent Diffractive Optically Variable Image Device [DID™ - Girogram], featuring the Portuguese coat of arms, is inserted within the polycarbonate laminated layers. The holographic technique enables the hologram to be identified immediately; the colour shifts abruptly from red to green as the card is rotated 90°. A motif depicting the 5 shields on the Portuguese coat of arms is printed using optically variable ink (OVI), shifting from gold to green depending on the observation angle. The surface of the card is covered with "DRIVING LICENCE", written in all official EU languages.
-----------------	---

Method of verification	Move the licence around in natural light or/and ultraviolet light.
------------------------	--

Categories

Category	Period of validity

160	Subject to possession of valid medical certificate	
136	Not entitled to drive group 2 vehicles	05 - limited to mandatory subcode use, driving subject to restrictions for medical reasons.
137	Anticipated medical assessment.	05 - limited to mandatory subcode use, driving subject to restrictions for medical reasons.
138	Anticipated psychological assessment	05 - limited to mandatory subcode use, driving subject to restrictions for medical reasons.
139	Use of orthopaedic vest	05 - limited to mandatory subcode use, driving subject to restrictions for medical reasons.
140	Psychological assessment	05 - limited to mandatory subcode use, driving subject to restrictions for medical reasons.
998	Restricted to driving 3-wheel and 4-wheel vehicles	05 - limited to mandatory subcode use, driving subject to restrictions for medical reasons.
282	Service brake booster	20 - Modified braking systems.
361	Manual commands only	30 - Modified combined braking and acceleration systems
997	Suitable for Group 2	
999.	Limited to a gross weight of 20,000 kg	76 - Restricted to category C vehicles with a maximum authorised mass not exceeding 7,500 kg (C1), and a trailer with a maximum permitted mass over 750 kg, provided that the maximum mass of the combination of vehicles does not exceed 12,000 kg and the maximum authorised mass of the trailer does not exceed the unladen mass of the tractor vehicle

Professional drivers

Certificate of professional competence is issued NO

Code 95 is marked on the driving licence NO

Additional information

We have a special national licence for driving agricultural and forestry tractors and agricultural machines.

A period of administrative validity has been introduced for new driving licences. Licences issued up to 2 January 2013 remain valid.

* Drivers who obtain their licence aged 25 or over are not required to revalidate it at the age of 30.

** Where driving licences are obtained by drivers aged under 20

Romania - RO1

(29/04/1966 - 28/06/1984)

Categoriile de vehicule pentru care permisul este valabil	
A	Motociclete cu sau fără atas, cu capacitate cilindrică mai mare de 69 cm ³ , autovehicule pentru infirmii, autovehicule cu trei roți a căror greutate proprie nu depășește 400 kg ;
B	Autovehicule destinate transportului de persoane cu cel mult 8 locuri pe scaune, în afară de locul conducătorului, sau destinate transportului de mărfuri și având o greutate maximă autorizată de cel mult 3.500 kg. Autovehiculelor din această categorie li se poate atașa o remorcă ușoară ;
C	Autovehicule destinate transportului de mărfuri sau materiale și a căror greutate maximă autorizată, depășește 3.500 kg. Autovehiculelor din această categorie li se poate atașa o remorcă ușoară ;
D	Autovehicule destinate transportului de persoane cu mai mult de 8 locuri pe scaune, în afară de locul conducătorului. Autovehiculelor din această categorie li se poate atașa o remorcă ușoară ;
E	Autovehicule din categoriile B, C sau D pentru care conducătorul are permis, cu remorci altele decât ușoare.

Category	Period of validity
A, B, C, D, E	Indefinite

Professional drivers

Certificate of professional competence is issued	NO
Code 95 is marked on the driving licence	NO

Additional information

Category E was a category on its own and it was only valid in combination with another category, in the following way: E + B = BE; E + C = CE; E + D = DE.

This model is no longer valid for driving in Romania, since a mandatory exchange of all licences was imposed in the years 1995 to 2001.

Nevertheless, the licence can be renewed with a new driving licence issued by Romania and has to be recognised by other Member States until 19 January 2033.

Codes

National codes	Description	Community codes
Okuliare potrebné	Glasses are needed	01
Ručné riadenie	Manual control	One or more of the following harmonized codes 10,15,20,25,30,35,40,42,43,44
Skúšobná lehota	<p>Probationary period:</p> <p>The first driving entitlement is granted for a probationary period. The probationary period is 2 years and starts from the licence issue date. If a new driving entitlement is being granted or if its scope is being extended to those who were granted the driving entitlement or extension of its scope before reaching the age of 18, a new 2-year probationary period always begins under the conditions laid down for the first driving entitlement.</p> <p>The current probationary period expires, even if 2 years have not elapsed. This probationary period must not be counted in the new probationary period.</p>	

Professional drivers

Certificate of professional competence is issued	YES
Code 95 is marked on the driving licence	NO

Additional information

Driving licence "Model SK1" is valid until 31/12/2023.

By 01/01/2004, the text "probationary period" was recorded in the chart "Additional Records" on the back of the driving licence. The probationary period of two years was counted from the date of issue of the driving licence. Some such driving licences had, therefore, a limited validity of two years recorded in paragraph 7 (see definition of the "probationary period" in characteristics of the national codes and additional information and restrictions). After replacing such a driving licence, no validity was recorded in the new document. All categories are valid for life.

In Slovakia, the driver to whom Directive 2003/59/EC applies is given a certificate of professional competence and a driver qualification card with code 95.

Slovakia - SK2 (a)

(01/05/2004 - 01/12/2004)

Physical description

Size	54 x 86 mm
Format	ID-1
Material	Multilayer polycarbonate
Colour	Pink
Particularities	License issued in accordance with Directive 91/439/EEC on driving licences

Security features

Guilloche protective background print

Location	Front and back of licence
Characteristics	Guilloche protective background print with “fish scale” graphics, combined with anti-copy structures
Method of verification	Magnifying glass.

Positive microtext

Location	Front of the licence
Characteristics	Small-size letters printed in a positive image, visible to the naked eye as a line; the repeated inscription “Slovenská republika” can only be read with a magnifying glass
Method of verification	Magnifying glass.

Colour-changing ink (OVI)

Location	Front of the licence
Characteristics	Motif of the map of Slovakia is printed in a special colour characterised with hue change (from purple to green) depending on the angle of view
Method of verification	Naked eye or UV lamp.

Transparent, optically variable element Kinigram® Patch

Location	Front of the licence
Characteristics	Transparent, optically variable element partially overlapping image of the holder's face. It is characterised by kinetic and colour effects and contains the inscription "SLOVENSKÁ REPUBLIKA" and the national coat of arms of Slovakia.
Method of verification	Naked eye, with light from the top or at an oblique angle.

Holographic security thread

Location	Back of the card
Characteristics	Metallised holographic security thread applied to the card vertically. The security thread has demetallised surfaces containing micro text and star motif.
Method of verification	Naked eye, magnifying glass or by light from top or oblique angle.

UV graphics

Location	Front of the card
Characteristics	Graphics visible only under UV light - made with 2 colours, with smooth colour transitions from one colour to the other.
Method of verification	UV lamp

UV graphics

Location	Back of the card
Characteristics	Graphics visible only under UV light - made with 2 colours, with smooth colour transitions from one colour to the other.
Method of verification	UV lamp

Guilloche protective background print

Location	Front and back of the licence
Characteristics	Guilloche protective background print with “fish scale” graphics, combined with anti-copy structures
Method of verification	Magnifying glass

Positive microtext

Location	Front of the licence
Characteristics	Small-size letters printed in a positive image, visible to the naked eye as a line, repeated inscription “Slovenská republika” can only be read with a magnifying glass
Method of verification	Magnifying glass

Colour-changing ink (OVI)

Location	Front of the licence
Characteristics	Motif of the map of Slovakia is printed in a special colour characterised by a change in hue (from purple to green) depending on the angle of view
Method of verification	Visual check, check under UV lamp

Transparent, optically variable element Kinigram® Patch

Location	Front of the licence
Characteristics	Transparent, optically variable element partially overlapping image of the holder's face with lime leaf motif, the national coat of arms of the Slovak Republic and the inscription "VODIČSKÝ PREUKAZ SLOVENSKÁ REPUBLIKA." It is characterised by kinetic and colour effects.
Method of verification	Naked eye with light from top or oblique angle

UV graphics

Location	Back of the licence
Characteristics	Graphics visible only in UV light - made with 2 colours, with smooth transitions from one to the other
Method of verification	UV lamp

Physical description

Size	85,6 x 53,98 mm
Format	ID-1
Material	Polycarbonate
Colour	Pink
Particularities	Bilingual (Finnish/Swedish)

Security features

Micro text

Location	Front of card
Characteristics	Line underneath front-top of card comprising the words "AJOKORTTI KÖRKORT". Letters "FIN" in top-right of the card comprised of the words "SUOMI FINLAND".
Method of verification	Magnifying glass.

Security pattern

Location	Whole document
Characteristics	Fine-lined security pattern and rainbow printing covering the entire background of the card.
Method of verification	Magnifying glass.

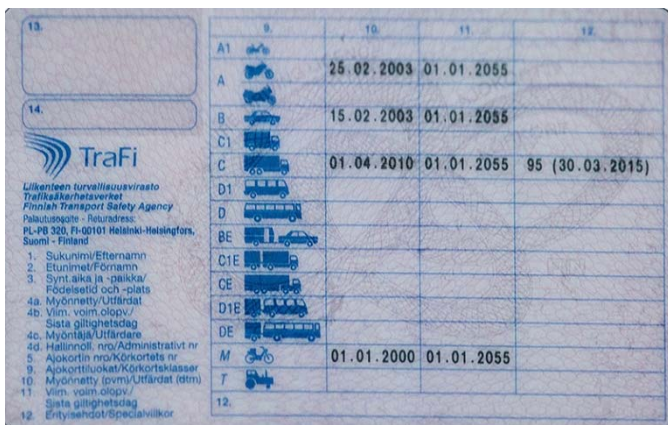

Embossed pattern

Location	Front-centre of the card
Characteristics	Lined disc pattern
Method of verification	Pattern visible when card is tilted and can be detected by touching with fingers.

Embossed pattern

Location	Centre of reverse side of card
Characteristics	Lined disc pattern, as well as text "PERMIS DE CONDUIRE DRIVING LICENCE AJOKORTTI KÖRKORT FIN"
Method of verification	Pattern visible when card is tilted and can be detected by touching with fingers.

Fluorescent printing

Location	Front of card
Characteristics	The word "FIN" printed several times and the European flag stars printed in fluorescent blue. The designed security pattern following the background pattern appears yellow under UV light.
Method of verification	Using UV light

Laser engraving

Location	Front side, bottom right-hand corner
Characteristics	On front of card:
Method of verification	Sections 1 and 2 visible to the naked eye. Section 3 using a barcode reader.

Categories

Category	Period of validity
A1, A, BE, C1, C, (M), (T)	Until 70; above 65: 5 years
B	First: 2 years; until 70; above 65: 5 years
C1E, CE, D1, D1E, D, DE	Until 70; above 70: no renewal

National categories

National category	Description of national category
M	Mopeds and light quadricycles
T	Tractors (excluding road-rated tractors), motorised working machinery and snowmobiles, including vehicles towed by them

Codes

National codes	Description
103(n)	Duplicate of the licence, serial number of the duplicate included in the code
105	Exemption

Professional drivers

Certificate of professional competence is issued NO

Code 95 is marked on the driving licence NO

Additional information

To distinguish this licence from the FIN4A licence, the table on the reverse side of FIN4B includes the national class M and features an updated version of the registration authority's logo.

Right to drive a T-class vehicle is included in all other classes except in M/AM-class. Class T is not recorded on the driving licence if other vehicle classes that include T are already recorded. It may only be recorded on the driving licence if the licence holder has separately passed a class T driving test.

The first category B licence was issued for 2 years. After 2 years, the next category B licence was issued until the holder reached 70.

113	Alcohol ignition lock for health reasons.

Professional drivers

Certificate of professional competence is issued	YES
Code 95 is marked on the driving licence	YES

Additional information

To distinguish it from the FIN4D licence, the OVI print in the bottom-right corner on the front of FIN4D has been replaced with a changeable laser image and an updated version of the registration authority's logo, on the reverse side.

The right to drive a T-class vehicle is included all other classes except in M/AM-class. Class T is not recorded on the licence if other vehicle classes that include T are already recorded. It may only be recorded on the licence if the holder has separately passed a class T driving test.

From 19 January 2013, class A covers class A2, unless a period of 2 years has expired. Otherwise, it covers class A if the licence has been issued before the date in question.

The first category B licence was issued for 2 years. After 2 years, the next category B licence was issued until the holder reached 70.

Physical description

Size	85,6 x 53,98 mm
Format	ID-1
Material	Polycarbonate
Colour	Pink
Particularities	Bilingual (Finnish/Swedish)

Security features

Micro text

Location	Top of front of card
Characteristics	The words "AJOKORTTI KÖRKORT" in both raised and recessed print
Method of verification	Magnifying glass

Security pattern

Location	Whole document
Characteristics	Fine-lined security pattern and rainbow printing covering the entire background of the card.
Method of verification	Magnifying glass

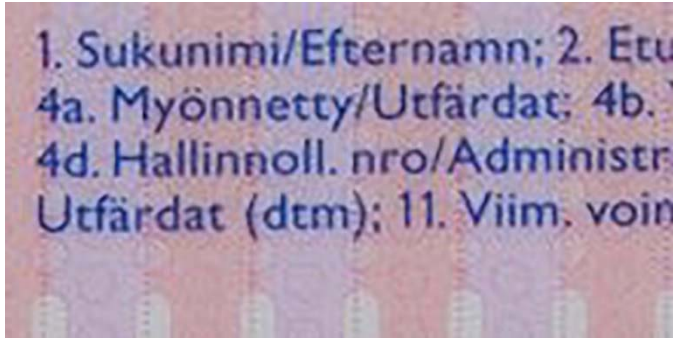

Embossed pattern

Location	In left and right borders on front of card
Characteristics	Embossed pattern comprising small squares, whose sides are formed of the word "FIN"
Method of verification	Pattern visible when card is tilted and can be detected by touching with fingers. Text reading using a magnifying glass.

Embossed pattern

Location	In bottom-right corner on reverse side of card
Characteristics	Pattern in the shape of the map of Finland, formed by the words "SUOMI FINLAND"
Method of verification	Pattern visible when card is tilted and can be detected by touching with fingers. Text reading using a magnifying glass.

Fluorescent printing

Location	Front of card
Characteristics	Car headlamp pattern flashes fluorescence green.
Method of verification	Using UV light

Fluorescent printing

Location	Reverse side of card
Characteristics	Car tail-light pattern fluoresces red along bottom of reverse side of card.
Method of verification	Using UV light

Optically Variable Ink (OVI)

Location	Left border on reverse of card.
Characteristics	Trafi logo
Method of verification	When card is tilted, the colour of the logo changes from green to gold.

Laser engraving

Location	Front side, bottom right-hand corner
Characteristics	On front of card:
Method of verification	Sections 1 and 2 visible to the naked eye. Section 3 using a barcode reader.

Changeable laser image (CLI)

Location	Bottom-right of front of card
Characteristics	Licence holder's facial ID photo and date of birth change within the image
Method of verification	Visible image changes when card is tilted

Diffraction optically-variable feature

Location	Partially covering the bottom-right corner of the licence holder's facial ID photo on front of card.
Characteristics	Transparent image, in which the colour and patterns change. Contrast of the "FIN" text along bottom of the image changes from dark to light.
Method of verification	By tilting the card

Categories

Category	Period of validity
AM, A1, A2, A, BE	Until 70: 15 years; above 65: 5 years
B	First: 2 years; until 70: 15 years; above 65: 5 years
C1, C1E, C, CE, D1, D1E, D, DE	Until 70: 5 years; above 68: 2 years
(T), (LT)	Until 70: 15 years; above 65: 5 years

National categories

National category	Description of national category
T	Tractors (excluding road-rated tractors), motorised working machinery and snowmobiles, including vehicles towed by them.
LT	Road-rated tractors and vehicles towed by them.

Codes

National codes	Description	Community codes
103(n)	Duplicate of the driving licence, serial number of the duplicate included in the code	
105	Exemption	
111	Alcohol interlock	
113	Alcohol interlock for health reasons.	
114	Conditional right to drive. Licence valid in Finland only.	
120	AM-class, moped	AM (restricted to mopeds)
121	AM-class, light quadricycles	AM (restricted to light motorised quadricycles)
131	Restricted right to drive in accordance with article 5, section 4 of the Finnish Driving Licence Act.	

Professional drivers

Certificate of professional competence is issued	YES
Code 95 is marked on the driving licence	YES

Additional information

Right to drive a T-class vehicle is included in all other classes except in M/AM-class. Class T is not recorded on the driving licence if other vehicle classes that include T are already recorded. It may only be recorded on the driving licence if the licence holder has separately passed a class T driving test.

When applying for a duplicate of a licence issued before 19 January 2013, the latest expiry date for the duplicate licence will be 18 January 2033, or a date before this if the holder reaches 70 before then.

The first category B licence will be issued for 2 years. After 2 years, the next category B licence will be issued for 15 years.

An updated version was introduced on 17.06.2014, including on the front side the words "driving licence" in Croatian and changed the upper case "F" to lower case "f" in the Trafi logo (on the front side - in the bottom-right corner of the holder's facial ID photo; on the reverse side - in the Trafi logo).

Categories

Category	Period of validity
B, C1, C	First: 2 years; Until 70; above 65: 5 years
A1, A, B1, BE, (M), (T)	Until 70; above 65: 5 years
C1E, CE, D1E, D, DE	Until 70; above 70: no renewal

National categories

National category	Description of national category
(M)	Light quadricycles and 2- or 3-wheel mopeds, except for low power mopeds
(T)	Tractors other than road-rated tractors, construction equipment, snowmobiles and connected trailers

Professional drivers

Certificate of professional competence is issued NO

Code 95 is marked on the driving licence NO

Additional information

When driving licences for categories B, C and C1 were first issued, licences for applicants who held a licence only for categories A1, A, B1 or T were issued with a period of validity of 2 years.

Category B1 is not indicated on page 2 of the driving licence.

The appearance of the driving licence was changed slightly in 2008 when Bulgaria and Romania joined the EU, in that the word "driving licence" in Bulgarian and Romanian was added.

A holder of a category T driving licence is authorised to drive category M vehicles.

Driving licence groups

Meanings

Driving licence groups

A any vehicle except a vehicle in group D (motor bicycle), group E (moped), group D (road roller), group B (tracked vehicle), group J (tracked carriage) or vehicle with automatic transmission except a vehicle in group C (motor bicycle), group D (motor bicycle), group E (moped), group G (road roller), group H (tracked vehicle), group J (tracked carriage) or any motor bicycle with or without a sidecar (moped)

B tracked vehicle

C motor bicycle, group D (motor bicycle), group E (moped), group G (road roller), group H (tracked vehicle), group J (tracked carriage) or any motor bicycle with or without a sidecar (moped)

D any motor bicycle with or without a sidecar (moped)

E moped

F agricultural tractor-mounted on wheels

G road roller

H track laying vehicle steered by its tracks

J tracked carriage

K (trawling machine or pedestrian controlled vehicle electrically propelled vehicle either driven or wind-up carriage or a vehicle in group D)

L vehicle exempted from duty under section 7(1) of the Vehicles (Excise) Act 1971

Meanings

'Moped' means a motor cycle which cannot exceed 30 mph, weighing not over 250kg and if with a petrol engine not over 500cc, if first used before 1 August 1987, a motor cycle not over 50cc which can be moved by pedals.

'Motor car' means a vehicle, except a motor cycle or agricultural tractor, which is built or adapted to carry passengers or to carry or haul a load but which is not a large passenger vehicle or a goods vehicle.

'Large passenger vehicle' means a vehicle built or adapted to carry more than 9 persons including the driver.

'Goods vehicle' means a vehicle, except a large passenger vehicle or agricultural tractor, built or adapted to carry or haul a load and with a maximum weight exceeding 3.5 tonnes. 'Maximum weight' is the most that the vehicle may weigh when fully laden; it includes the weight of any trailer or semi-trailer.

Physical description

Size	86 x 54 mm
Format	ID-1
Material	Polycarbonate
Colour	Pink
Particularities	There are two versions available; one English-only version, plus a Bilingual (English/Welsh) version.

Security features

Roundel motif

Location	On the front of the photo card driving licence. The rounded motif overlaps both the photographic and ghosted images.
Characteristics	This colour fading seal is printed in yellow pastel colours and contains the letters DVLA. This prevents photograph substitution and accurate photocopying.
Method of verification	Clearly visible.

Optical variable ink

Location	Bottom part of front of photo card driving licence.
Characteristics	The text DVLA is repeated in optical variable ink and at regular frequency across the bottom part of the card. The variable colour shift is gold. This prevents photocopying and simulation.
Method of verification	Tilting the licence back and forth at various angles. Also, the colour shifts as the viewing angle is changed, assisting with validation of the card.

A multi-coloured repeating Ultra Violet feature

Location	On front of photo card driving licence.
Characteristics	This takes the form of the Royal coat of arms and is printed in red, yellow and green UV inks. This prevents accurate photocopying.
Method of verification	Visible under a UV lamp.

Pastel background with white lettering

Location	All over front of card driving licence.
Characteristics	Any attempt to remove text will produce white patches. The words "driving Licence" in the languages of the various member states is printed in white lettering in a swirling pattern.
Method of verification	Titling the licence back and forth at various angles.

Fine line print

Location	Over photograph on front of card driving licence.
Characteristics	Fine solid lines are printed over the photographic image to prevent photo substitution.
Method of verification	Clearly visible.

Optical variable ink

Location	Back of the photo card driving licence.
Characteristics	The text DVLA is repeated in optical variable ink and at regular frequency across the back of the card, except for the majority of the white barcode area. The variable colour shift is gold. This prevents photocopying and simulation.
Method of verification	Tilting the licence back and forth at various angles. Also, the colour shifts as the viewing angle is changed, assisting with validation of the card,

Ultra Violet feature

Location	On the back of photo card driving licence.
Characteristics	This takes the form of a green DVLA logo.
Method of verification	Visible under a UV lamp.

Pastel background with repeating pattern

Location	On the back of the driving licence.
Characteristics	The card has a pastel pink background colour achieved by a fine line print process with a repeating DVLA logo making up the design across the card.
Method of verification	Clearly visible.

C1E	A sub-category of category C+E comprising combinations of a motor vehicle and trailer where: (a) the tractor vehicle is in sub-category C1, (b) the maximum authorised mass of the trailer exceeds 750 kilograms but not the unladen weight of the tractor vehicle, and (c) the maximum authorised mass of the combination does not exceed 12 tonnes.
CE	Combinations of a motor vehicle and trailer where the tractor vehicle is in category C but the combination does not fall within that category.
D1E	A sub-category of category D+E comprising combinations of a motor vehicle and trailer where: (a) the tractor vehicle is in sub-category D1, (b) the maximum authorised mass of the trailer exceeds 750 kilograms but not the unladen weight of the tractor vehicle, (c) the maximum authorised mass of the combination does not exceed 12 tonnes, and (d) the trailer is not used for the carriage of passengers.
DE	Combinations of a motor vehicle and trailer where the tractor vehicle is in category D but the combination does not fall within that category.
F	Agricultural or forestry tractors, including any such vehicle drawing a trailer but excluding any motor vehicle included in category H.
G	Road rollers.
H	Track-laying vehicles steered by their tracks.

K	Mowing machines which do not fall within category A and vehicles controlled by a pedestrian.
L	Motor vehicles propelled by electrical power.
N	Vehicles used for short distances on public roads.
P	Mopeds.

Codes

National codes	Description
101	Not for hire and reward
102	Drawbar trailers only
103	Subject to certificate of training
107	Not more than 8250 kg
108	Subject to minimum age requirements
110	Limited to invalid carriages
113	Limited to 16 passenger seats except for automatics
115	Organ donor
118	Start date is for the earliest entitlement
119	Weight limit does not apply

Professional drivers

Certificate of professional competence is issued YES

Code 95 is marked on the driving licence NO

Additional information

Photo update required every 10 years to age 70.

Physical description

Size	86 x 54 mm
Format	ID-1
Material	Polycarbonate
Colour	Pink
Particularities	There are two versions available; one English-only version, plus a Bilingual (English/Welsh) version.

Security features

Changing Images

Location	Front of Photo Card Licence - Bottom left hand corner, white box.
Characteristics	Blue road sign changing to a black triangle. Another security feature is personalised, the last five characters of the driver number changing to the month and year of the photo expiry which appear and disappear depending on how you tilt the licence
Method of verification	Titling the licence back and forth at various angles.

Holographic Feature

Location	Front of Photo Card licence.
Characteristics	This is a steering wheel.
Method of verification	Titling the licence back and forth at various angles.

Tactile Engraving

Location	On front of photo card driving licence - Surname details, categories.
Characteristics	This process involves burning the data into the card for a longer period than normal; these results in the text rising up above the surface of the card.
Method of verification	Can be felt by running your finger across the licence. You can feel the raised characters.

Laser Engraved Photograph.

Location	Photograph on front of photo card driving licence.
Characteristics	Laser engraving technology is highly secure as a black and white he image is burnt into different layers of the card and it cannot be changed. Note: DVLA will still require that a full colour photograph be provided by customers to keeper on our records.

Security Background Design Overlapping with Photograph

Location Front of photo card driving licence -over the area where the photograph is engraved.

Characteristics This security feature has the rainbow print lines and the complex background pattern converging over the area where photo is engraved.

Method of verification Clearly visible.

Optically Variable Ink

Location Back of photo card driving licence.

Characteristics Changing colours is a printing feature that changes in colour depending on the angle of inspection. A colour tone that is clearly visible to the naked eye i.e. gold to green

Method of verification When the card is tilted colour change is clearly visible.

Unique Number

Location Back of photo card driving licence - bottom right hand side

Characteristics White box with a unique number. All cards are pre-numbered by the card manufacturer. These are laser engraved onto the card prior to delivery to DVLA, each number is unique.

Method of verification Clearly visible.

Physical description

Size	86 x 54 mm
Format	ID-1
Material	Polycarbonate
Colour	Pink
Particularities	There are two versions available; one English-only version, plus a Bilingual (English/Welsh) version.

Security features

Holographic Feature

Location	Front of Photo Card licence.
Characteristics	This feature contains a steering wheel, road and speedometer, in which the needle appears to move when the card is held along the short edges and tilted back and forth.
Method of verification	Titling the licence back and forth at various angles.

Raised Lettering

Location	On front of photo card driving licence.
Characteristics	Surname, category entitlement and date in the bottom left hand corner of the photo contain raised lettering.
Method of verification	This can be felt when a finger is run across the card and can be seen when viewed at an angle.

Optically Variable Ink (OVI) Feature

Location	Front of photo card driving licence - Right hand side of the card.
Characteristics	The wheel image illustrated is produced with colour changing ink. The achieved effect is that the ink changes from green to gold when tilted on either axis.
Method of verification	When the card is tilted colour change is clearly visible.

Raised Surface Pattern

Location	Front of photo card driving licence.
Characteristics	Raised tactile pattern and text positioned horizontally across the centre of the card and EU flag.
Method of verification	This can be felt when a finger is run across the card and can be seen when viewed at an angle.

Changing Images

Location	Back of Photo Card Licence - In the lower left corner.
Characteristics	Within the egg shaped lens, two different images can be seen when viewed at different angles. The images are of the card holder changing to the month and year of card expiry.
Method of verification	Tilting the licence back and forth at various angles.

Raised surface pattern

Location	Back of photo card driving licence.
Characteristics	Raised tactile pattern positioned horizontally across the centre of the card.
Method of verification	This can be felt when a finger is run across the card and can be seen when viewed at an angle.

Unique Number

Location	Back of photo card driving licence - bottom right hand corner
Characteristics	This number is a 10 digit alphanumeric character set and is unique to every card.
Method of verification	Clearly visible.

Raised Lettering

Location	On back of photo card driving licence.
Characteristics	The number identifier for each field will be raised. This can be felt when a finger is run across the card and can be seen when viewed at an angle.
Method of verification	This can be felt when a finger is run across the card and can be seen when viewed at an angle.

Categories

Category	Period of validity
A1, A, AM, B1, B, BE	Until 70; above 70: 3 years (*see comment 2)
C1, C1E, C, CE, D1, D1E, D, DE	Until 45; 45 - 65: 5 years; above 65: 1 year

National categories

National category	Description of national category
A	Motor bicycle (with or without side-car) but excluding any vehicle included in category K or P
A1	Motorcycles - A motorcycle with a cylinder capacity not exceeding 125 cc, of power not exceeding 11 kw and with a power to weight ratio not exceeding 0.1 kw per kg. A motor tricycle with power not exceeding 15 kw.
A2	A motorcycle of power not exceeding 35 kw, with a power to weight ratio not exceeding 0.2 kw per kg and not derived from a vehicle of more than double its power.
AM	Moped - 2-wheel vehicles or 3-wheel vehicles with a maximum design speed of over 25 km/h and not more than 45 km/h. Light quadricycle with an unladen mass of not more than 350 kg, not including the mass of the batteries in the case of electric vehicles, whose maximum design speed is over 25 km/h and not more than 45 km/h.
B1	Motor tricycles with a maximum authorised mass not exceeding 500 kg and an engine capacity greater than 50 cc but excluding any vehicle included in category K, L and P
B	Motor vehicle with a maximum authorised mass not exceeding 3.5 tonnes and not more than 8 seats in addition to the driver's seat, not included in any other category and including such a vehicle drawing a trailer with a maximum authorised mass not exceeding 750 kg.
C1	A sub-category of category C comprising motor vehicles having a maximum authorised mass exceeding 3.5 tonnes but not exceeding 7.5 tonnes, including any such vehicle drawing a trailer having a maximum authorised mass not exceeding 750 kilograms.
C	Motor vehicles having a maximum authorised mass exceeding 3.5 tonnes, other than vehicles falling within category D, F, G or H, including any such vehicle drawing a trailer having a maximum authorised mass not exceeding 750 kilograms.
D1	A sub-category of category D comprising motor vehicles having more than eight but not more than 16 seats in addition to the driver's seat and including any such vehicle drawing a trailer with a maximum authorised mass not exceeding 750 kilograms.
D	Motor vehicles constructed or adapted for the carriage of passengers having more than eight seats in addition to the driver's seat, including any such vehicle drawing a trailer having a maximum authorised mass not exceeding 750 kilograms.
BE	Combinations of a motor vehicle and trailer where the tractor vehicle is in category B but the combination does not fall within that category.
C1E	A sub-category of category C+E comprising combinations of a motor vehicle and trailer where: (a) the tractor vehicle is in sub-category C1, (b) the maximum authorised mass of the trailer exceeds 750 kilograms but not the unladen weight of the tractor vehicle, and (c) the maximum authorised mass of the combination does not exceed 12 tonnes.
CE	Combinations of a motor vehicle and trailer where the tractor vehicle is in category C but the combination does not fall within that category.

D1E	A sub-category of category D+E comprising combinations of a motor vehicle and trailer where: (a) the tractor vehicle is in sub-category D1, (b) the maximum authorised mass of the trailer exceeds 750 kilograms but not the unladen weight of the tractor vehicle, (c) the maximum authorised mass of the combination does not exceed 12 tonnes, and (d) the trailer is not used for the carriage of passengers
DE	Combinations of a motor vehicle and trailer where the tractor vehicle is in category D but the combination does not fall within that category.
F	Agricultural or forestry tractors, including any such vehicle drawing a trailer but excluding any motor vehicle included in category H.
G	Road rollers
H	Track-laying vehicles steered by their tracks
K	Mowing machines which do not fall within category A and vehicles controlled by a pedestrian.
L	Motor vehicles propelled by electrical power
N	Vehicles used for short distances on public roads
P	Mopeds

Physical description

Size	53.97 x 85.6 mm
Format	ISO 7816-1 / Directive 91/439/EEC
Material	Plastic
Colour	Pink (Full licence), Green (Provisional licence)
Particularities	English

Security features

Changing holographic images

Location	Front bottom left of card below the photograph
Characteristics	This is an image that changes in both shape and colour depending on how you tilt the licence. On full (pink) licences it is a blue road sign changing to a black triangle, on a provisional (green) it is a red road sign changing to a black triangle
Method of verification	Tilting the licence back and forth at various angles

NO

Code 95 is marked on the
driving licence

YES

Iceland - IS8

(03/06/2013 →)

Physical description

Size	86 x 54 mm
Material	Polycarbonate
Colour	Pink and blue

Security features

Square shaped security mark

Location	On the holder's photograph
Characteristics	A square-shaped security mark with the shape of Iceland covers part of the passport photo. It contains the letters "is", as well as Iceland's coat of arms. The mark is visible when the card is tilted to the side.
Method of verification	Tilting the licence

Engraving

Location	On the licence's transparent surface
Characteristics	An oval, white, ribbed surface can clearly be felt when a fingernail is dragged across the surface. When the card is tilted to the side, the licence's year of issue or the letters "ISL" can be seen.
Method of verification	By touching and/or tilting the licence

Micro lettering

Location	Left side of the coat of arms on the back side of the licence
Characteristics	On the left side of the coat of arms on the back side is a small dot, the size of a speck of dust - this is in fact a symbol, legible with a magnifying glass. The symbol will be changed regularly.
Method of verification	Magnifying glass

Colour changing printing

Location	Under the coat of arms on the back side of the licence
Characteristics	Under the coat of arms on the back is a strip that changes colours when the card is tilted to the side.
Method of verification	Tilting the licence

UV and IR light

Location	On the licence's surface
Characteristics	UV light makes all dark blue features on the licence glow, while IR turns the same features green.
Method of verification	UV/IR light

UV light

Location	On the licence's surface
Characteristics	If the card is put under an ultraviolet light, certain background features, i.e. outlines, patterns, pictures and text glow. UVA and UVB rays reveal different features.
Method of verification	UVA and UVB light

UV light

Location	Front side of the licence, inside the map of Iceland
Characteristics	Ultraviolet light reveals, inside the map of Iceland, the number and user name of the official who ordered the licence, as well as a number showing whether the card was produced in the first attempt or whether it had to be repeated due to a flaw.
Method of verification	UV light

IR light

Location	Front side of the licence
Characteristics	If the driving licence is put under an infrared light, part of the card glows bright green.
Method of verification	IR light

Categories

Additional information related to equivalences of categories -

1. The stamp with the restricting text is on the reverse of the driving licence
2. Holders of category BE licences issued before 1 April 1979 and subsequently exchanged for an N2 model are also entitled to drive vehicles in category A1
3. To maintain the C1 entitlement, the holder has to have exchanged their licence for an N4 model if they renewed their licence before 1.1.2002.

Norway - N3

(01/03/1989 - 31/12/1997)

Physical description

Size	105 x 74 mm
Format	ISO/IEC 7810ID-2
Material	Coloured watermark photographic paper laminated in clear plastic extending beyond all edges
Colour	Pink and blue (mixed) in fine lines
Particularities	Photo is integrated in the document

Security features

Iridescent ink

Location	Bottom front, overlapping part of the photo.
Characteristics	Changes between green and red.
Method of verification	Move the document

Embossing

Location	Front side, from the middle to the top
Characteristics	Norwegian public roads administration emblem
Method of verification	Visual

Printed text in the laminate plastic

Location	Front side, top right corner
Characteristics	The text states the licence's place and year of issue.
Method of verification	Viewing with the naked eye.

Positive guilloche printing

Location	Front side / back side
Characteristics	Background with pink and blue pattern also covering the photo of the holder
Method of verification	Magnifying glass

Categories

Category	Period of validity
A, B, BE, (T) S, A1 - 01/01/1997	Until 100 years
C, D, CE, DE C1, D1 - 01/01/1997	Until 60: 10 years; after 60: 5 years; after 66: until 71; above 70: 1 year

National categories

National category	Description of national category
T	Tractor, up to maximum design speed of 40 km/h
S	Snowmobile with or without a trailer sledge

Professional drivers

Certificate of professional competence is issued	NO
Code 95 is marked on the driving licence	NO

Additional information

Additional information related to equivalences of categories -

1. The stamp with the restricting text is on the reverse of the driving licence.
2. The holder is also entitled to drive C1 vehicles if the following entitlement is stamped on the reverse of the driving licence: 'Gjelder også bil med tillatt totalvekt ikke over 7 500 kg og høyst 8 passasjerplasser' (Valid for motor car with maximum authorised weight less than 7,500 kilograms and maximum 8 passenger seats). To keep this entitlement, the holder must have exchanged their licence for a model N 4 before 1 January 2002.
3. Holders of category BE licences issued before 2.4.1979 and subsequently exchanged for an N3 model are also entitled to drive vehicles in category A1.
4. Category C1 was introduced on 1 January 1997.
5. To maintain the C1 entitlement, the holder must have exchanged their licence for an N4 model before 1.1.2002.
6. Category D1 and D1E were introduced on 1 January 1997 and replaced categories D2 and D2E.

Physical description

Size	85.60 x 53.98 mm
Format	ISO/IEC 7810ID-1
Material	Polycarbonate
Colour	Pink
Particularities	Bilingual (literary Norwegian and modern Norwegian, Førerkort/Førarkort, Norge/Noreg)

Security features

Hologram

Location	Front page, lower part of the picture (bottom right corner) of the holder
Characteristics	Transparent picture that changes in form and colour
Method of verification	Move the document (a - c in daylight, d - r with light OVD viewer)

09:58 14.12.2012 Lights=Flood, Longpass=VIS, Mag=11,06
Integration=88ms, Iris=29%, Brightness=60, Gamma=Off, Imaged width =29,29 mm

09:57 14.12.2012 Lights=Flood, Longpass=VIS, Mag=11,06
Integration=125ms, Iris=29%, Brightness=60, Gamma=Off, Imaged width =29,29 mm

09:54 14.12.2012 Lights=Flood, Longpass=VIS, Mag=11,06
Auto Exposure (Integration=49ms, Iris=50%), Brightness=60, Gamma=Off, Imaged width =29,29 mm

13:40 11.12.2012 Lights=OVD Viewer, Longpass=VIS, Mag=10,71
Integration=125ms, Iris=59%, Brightness=60, Gamma=Off, Imaged width =30,25 mm

13-40 14.12.2012 Lights=OVD Viewer, Longpass=VIS, Mag=10,71
Integration=125ms, Iris=59%, Brightness=60, Gamma=Off, Imaged width =30,25 mm

13-40 14.12.2012 Lights=OVD Viewer, Longpass=VIS, Mag=10,71
Integration=125ms, Iris=59%, Brightness=60, Gamma=Off, Imaged width =30,25 mm

09-31 14.12.2012 Lights=OVD Viewer, Longpass=VIS, Mag=11,09
Integration=125ms, Iris=59%, Brightness=60, Gamma=Off, Imaged width =29,22 mm

09-31 14.12.2012 Lights=OVD Viewer, Longpass=VIS, Mag=11,09
Integration=125ms, Iris=59%, Brightness=60, Gamma=Off, Imaged width =29,22 mm

09-32 14.12.2012 Lights=OVD Viewer, Longpass=VIS, Mag=11,06
Integration=125ms, Iris=59%, Brightness=60, Gamma=Off, Imaged width =29,29 mm

09-33 14.12.2012 Lights=OVD Viewer, Longpass=VIS, Mag=11,09
Integration=125ms, Iris=59%, Brightness=60, Gamma=Off, Imaged width =29,22 mm

09:34 14.12.2012 Lights=OVD Viewer, Longpass=VIS, Mag=11,09
Integration=125ms, Iris=59%, Brightness=60, Gamma=Off, Imaged width =29,22 mm

09:34 14.12.2012 Lights=OVD Viewer, Longpass=VIS, Mag=11,09
Integration=125ms, Iris=59%, Brightness=60, Gamma=Off, Imaged width =29,22 mm

09:34 14.12.2012 Lights=OVD Viewer, Longpass=VIS, Mag=11,09
Integration=125ms, Iris=59%, Brightness=60, Gamma=Off, Imaged width =29,22 mm

09:34 14.12.2012 Lights=OVD Viewer, Longpass=VIS, Mag=11,09
Integration=125ms, Iris=59%, Brightness=60, Gamma=Off, Imaged width =29,22 mm

09:35 14.12.2012 Lights=OVD Viewer, Longpass=VIS, Mag=11,06
Integration=125ms, Iris=59%, Brightness=60, Gamma=Off, Imaged width =29,29 mm

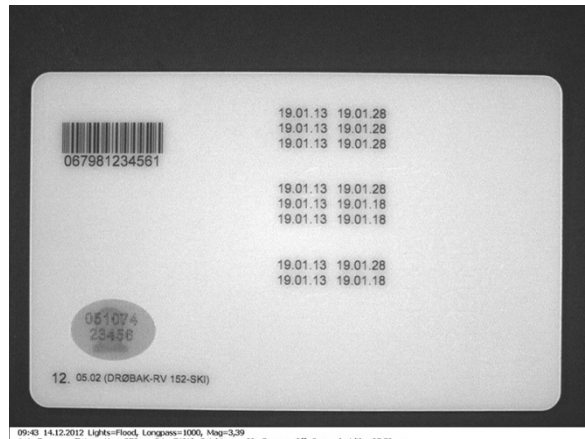

09:35 14.12.2012 Lights=OVD Viewer, Longpass=VIS, Mag=11,09
Integration=125ms, Iris=59%, Brightness=60, Gamma=Off, Imaged width =29,22 mm

Infrared transparent ink

Location	Front side/back side
Characteristics	Some pre-printed text disappears
Method of verification	Use infrared light (spectrum 800-900 nm)

Laser engraving text and picture

Location	Front side/back side
Characteristics	Text and picture are engraved with laser in the polycarbonate and not in the surface.
Method of verification	View with naked eye.

Micro lettering

Location	Front side/back side
Characteristics	Normal small text
Method of verification	Magnifying glass

Relief and microtext

Location	Front side/back side
Characteristics	Embossing with microtext
Method of verification	Magnifying glass

Positive/negative guilloche printing

Location	Front side
Characteristics	Background pattern changing from positive to negative
Method of verification	Magnifying glass

Ultraviolet fluorescent ink

Location	Front side/back side
Characteristics	Norwegian public roads administration emblem
Method of verification	UV light

CLI

Location	Back side, bottom left corner
Characteristics	Switches between picture of holder and their social security number, which is also written in position 4d on the front of the licence.
Method of verification	Turn the document sideways on both sides

Bar code

Location	Back side, top left corner
Characteristics	The last 11 digits attached to the bar code must correspond to item 5 on the front page of the document.
Method of verification	View with the naked eye.

Categories

Category	Period of validity
AM, A1, A2, A, B, BE, (S), (T)	Until 60: 15 years; after 60: until 75; between 75-77: 3 years; after 78: 2 years
C1, C, D1, D, C1E, CE, D1E, DE	Until 66: 5 years; after 66: until 71; above 70: 1 year

National categories

National category	Description of national category
T	Tractor maximum design speeds of 40 km/h
S	Snowmobile with or without a trailer sledge

Codes

National codes	Description
100	2-year trial period (expiry date of the trial period)
101	Course in night driving not completed
110	Geographic restrictions (name of city/region printed on the licence) (code not in use after 28 February 2002)
120	Restricted to a specific vehicle category (AM, S or T) or registration number
130	Also applies to a specific vehicle/vehicle registration number
131	Also applies to fire engine (lorry) which is classified for tax purposes as motorised equipment
132	Also applies to driving with trailer or trailer equipment of maximum authorised weight (respectively) 2,000 kg and 3,500 kg, if attached to a category C or D vehicle
140	Entitled to drive motorised equipment
142	Tractor (unlimited), with or without trailer. Also applies for motorised equipment, cf. art. 3-18, with or without trailer
143	Tractor (unlimited), with or without trailer of maximum authorised weight 750 kg. Also applies for motorised equipment, cf. art. 3-18, with or without trailer, of maximum authorised weight 750 kg
144	Tractor (up to a maximum speed of 40 km/h), maximum authorised weight of 25,000 kg, with or without trailer. Also applies for corresponding motorised equipment, cf. art. 3-18, with or without trailer
145	Restricted to 2-wheel mopeds and low-powered motor tricycle or quadricycle (moped) with specific weight of maximum 150 kg. The category does not exempt the driver from the basic traffic course.
146	Restricted to 2-wheel mopeds and low-powered motor tricycle or quadricycle (moped) with specific weight of maximum 150 kg
147	Restricted to low-powered motor tricycle or quadricycle (moped)
150	Entitled to drive snowmobile with unlimited weight/power ratio
152	Entitled to drive motorised equipment with maximum authorised weight of 7,500 kg or over, up to a maximum speed of 50 km/h
160	Entitled to drive an emergency vehicle (date of expiry of authorisation)

Professional drivers

Certificate of professional
competence is issued YES

Code 95 is marked on the
driving licence YES
